in [saloni-talati](#)

I am a passionate designer with an interest in designing and creating innovative solutions with a human-centered mindset using the design lifecycle.

## Experience

### Infosys Limited

Associate | Jun 2021 – Present

- Trained and certified in cloud-based automation platform and infrastructure monitoring tools such as ServiceNow and LogicMonitor
- Tested and identified bug/defects for a ServiceNow upgrade client project

### Business Transition Consulting

Consulting Analyst | Jun 2020 – Sept 2020

- Worked on a restoration capability project for an electric utility to improve estimated time of restoration (ETR) during storms
- Collaborated on defining and developing business processes
- Prepared documentation for detailed design processes and technology implementations

### Via Rail Canada

Innovation Engineering | Sept 2019 – Dec 2019

- Collaborated to design and develop a solution using PowerApps to help employees at the Toronto station with their daily tasks
- Responsible for creating wireframes, mockups, and interactive prototypes to illustrate the design and functions of the product
- Conducted user interviews to gather user stories and requirements

### Arup

Technology Design Consultant | Jan 2019 – Apr 2019

- Designed placement of security cameras, communication, and AV systems for airports and educational facilities
- Analyzed preliminary hazards and created reports for a public transportation project

### Shawcor

Project Management | May 2018 – Aug 2018

- Assisted in executing the policy and procedures management continuous improvement project and supported asset management
- Created a guidebook for the employees, managed the Sharepoint central repository, and designed new corporate wide templates

### Toronto Transit Commission

IT Services | Sept 2017 – Dec 2017

- Provided technical support for user service tickets and deployed new workstations and hardware

## Education

### University of Waterloo

B.A.Sc in Systems Design Engineering  
2016-2021

Courses: User Centered Design Methods,  
User Interface Design, Human Factors

### Udemy

Motion Design with Figma: Animations,  
Motion Graphics, UX/UI  
2022

### Learn UI Design

UI theory, Color, Typography, UI components,  
Platforms & Paradigms  
2022

## Skills

### Design

User-centered design	Wireframing
Design thinking	UX/UI
Rapid prototyping	Responsive
Usability testing	Accessibility
Motion design	iOS, Material

### Research

Journey mapping	User research
Hierarchical task analysis	Interviews
Cognitive walkthrough	Personas
Affinity diagramming	Surveys

### Tools

Figma	InVision
Balsamiq	Mural
Solidworks	AutoCAD

### Development

HTML	CSS
Basic JS	Bootstrap
Basic ReactJS	Basic Angular
